Dear Sir/Madam,

I am interested in seeking the challenging position in your esteemed organization. Hence as a first step I am, enclosing my resume exploring the possibility of employment with your esteemed organization.

I am working in the the company GoingIT and I have given the exams of **Bachelor of Engineering in Computer Engineering**. I have done many PHP projects and completed the work of building Linux cloud in Government Engineering College, Dahod hosted at gecd.tk. This project was about building cloud with open source technologies.

As an employee with your organization, I would focus on the objective of your organization. Furthermore, I work well in-group, & am hopeful to become an asset to the company.

Thank you for your kind consideration.

Sincerely,

Singh Vishvendra Ajit

Email : vishvendrasingh1993@gmail.com

OBJECTIVE

To build my career in a professional organization that gives me an opportunity to utilize my knowledge and potential for my success of the organization, and as well that will allow me to achieve my desired goals of life.

PROFILE SUMMARY

- B.E. (Computer)
-

ACADEMIC -QUALIFICATION

2011-2015	B.E. Computer	Government Engineering College Dahod	GTU	Awaiting
2010-2011	XII th. Standard	Sarvajanik School	Gujarat Board	68.13%
2008-2009	X th. Standard	Machi Mahajan School	Gujarat Board	66.31%

CO-CURRICULAR ACTIVITIES :

- Attended workshop on "PC Assembling" in 5th semester.
- Successfully co-ordinated and participated in "Loophole-Ethical Hacking Workshop" held in GEC Dahod.

ACHIEVEMENTS:

I stood first in Open House Event held in Vishwakarma Government Engineering College, Chandkheda.

WORK EXPERIENCE:

At Present

Working in GoingIT - an Australia based company as PHP Developer.

System Administrator

Government Engineering College, Dahod - Dahod, Gujarat - February 2014 to February 2015

Responsibilities

Ubuntu Linux server maintenance and Monitoring

Accomplishments

I have 1 year experience in Linux server administration in Government Engineering College, Dahod. Also using PHP and MySQL I have built website onematrixtech.com , robberspace.com and 11matrix.org. I had done my last year project on Cloud computing simulation. In this project first i built a cluster of 10 slave pc and after that I connected with nkn internet and HP Prolient server and hosted domain gecd.tk. This cloud can send emails, host websites, and can provide PAAS using LXC- Linux containers. Skills Used Linux scripting, php, python

PHP Developer

Government Engineering College Dahod - Dahod, Gujarat - February 2014 to February 2015

Responsibilities -

To Develop gecdahod.ac.in College website and make modification in accordance with the events in college. Also hosted gecdahod.tk website to balance load of gecdahod.ac.in in college on LAMP server installed and managed by me.

Accomplishments -

During xitij event me and colleague handled college data of GTU zone V. V. Nagar and developed transparent ajax based result system for that event and broadcasted the event live with red5 server

Skills Used -

PHP, Mysql, CSS, Html, Red5 Server on linux, Cameras and wifi, Networking
